

**MADE IN GERMANY**

Wassermann is a medium-sized, owner-operated company with head office in Hamburg. We design and produce high-quality technical devices in Germany. Our main users are dental laboratories, dental clinics and various industrial areas worldwide.

**Why a Wassermann product?**

Wassermann products are manufactured from high-quality materials and the proportion of plastics used is intentionally kept as low as possible. Our devices are known for their suitability for daily use, functionality and longevity. As a result, the users place high levels of trust in the Wassermann brand. We feel it is our duty to support our customers on a daily basis when it comes to safety, service and productivity. Technological perfection, optimum quality and especially sustainability are the benchmarks we set. Thanks to the combination of these values, the family-owned company, since its establishment in 1927, has gained worldwide recognition as a manufacturer of high-quality products.

**WP-Ex 10 II**

**Polishing Compact Unit**

WP-Ex 10 II with special accessory suction protective grid

WP-Ex 10 II with special accessory daylight LED spot

# Polishing Compact Unit WP-Ex 10 II

The WP-Ex 10 II is Wassermann's most compact polishing unit for first class polishing and suctioning in the smallest space - a high quality construction, made almost entirely of stainless steel. In addition to its powerful, longlife and maintenance-free squirrel-cage motor it also convinces with a powerful and low noise suction.

Emergency off-switch and restart protection guarantee safety at work

Integrated daylight LEDs

Impact-resistant, adjustable safety screen

Work area made of stainless steel
